HEALTH TIP

Cardio Fitness Will Help You Live Longer

Cardio fitness, also known as cardio respiratory endurance, is a vital part of every exercise routine, which is geared towards enhancing an individual's health and well-being. Improved cardiovascular fitness aids in enhancing muscular endurance and allows the body to sustain various activities for certain duration of time by providing oxygen-rich blood to the lungs, heart and the vascular system. A good cardiovascular fitness helps improve physiologic and psychological health through fitness components, enhanced target rates and intense cardio workouts.

ATV USE

There have recently been a lot of complaints brought to the office concerning ATV use in the area. The Town Clerk has spoken to the RCMP concerning the issues. The RCMP has requested that if any resident has issues they should call the RCMP directly.

ROAMING ANIMALS

A number of complaints have been placed at the council office recently regarding animals roaming. Please note that any resident has a right to call the RCMP if this event is taking place repeatedly and furthermore charges can be laid. Please note that all animals are required to have a town tag and that animal control for this area has increased and any animal roaming will be captured and subject to the town's animal control regulations. For the safety and convenience of residents,

please ensure that your pet is secured at all times.

HAPPY CANADA DAY!

The original name for Canada, dreamed up by a parliamentary committee in London, was "Cold North Dominion," but that was too long, so they abbreviated it C.N.D. The King's Royal Governor presented the new name to the inhabitants, and they didn't say a word. Just looked at him.

"Well, what do you think?" asked the Royal Governor?

"C., eh?" said the first fellow, and just looked at the Governor.

"N., eh?" says the second guy.

"D., eh?" says a third one. Then silence.

"Hey," says the Governor. "I like that. It's a heck of a lot easier to pronounce when you spell it that way."

So that's how Canada got its name.

FARMERS NEED ASSISTANCE

Reidville is a small knit family sharing everyday life with our farmers. The beautiful farmers fields we see outlining our towns have a bigger purpose than beauty - they are the livelihood of our farmers, however due to four-wheelers, bikes and trikes, this livelihood is being endangered. It is impossible for all farmers to fence in their many hundreds of acres of fields - whether it is hay fields, sod farms or crops. These fields hold a wealth of investment for our farmers. Owners of off-terrain vehicles or parents of youth driving these vehicles are asked to use consideration when traveling the fields of Reidville. Your bikes/4-wheelers maybe fun for you to use, but on our fields, they are extremely destructive. **Please stay off the fields.**
