**BACK TO SCHOOL!!!**

It is that time of year again, back to school time and safety has to be the top item on the timetable. Drivers are asked to be extra cautious however parents are asked to remind their children (including teens) to please stand on the side of the road off the pavement while waiting for the school bus.

**HUNTING SEASON!**

Hunting Season is upon us. Here are a few safety tips:

If you like to walk in the woods, with or without the children, go hiking or berry picking be sure to check on local hunting season dates.

During hunting season it's important to be visible in the woods. There's no better way to be visible than by wearing bright orange - the color worn by almost all hunters.

It is important to be careful, but it is still safe to be in the woods if you think about where you're going and you prepare properly for your trip. The best form of preparation is in the clothing you wear and the places you choose to go.

**FIRE PREVENTION WEEK**

October 8-14<sup>th</sup> is fire prevention week: In a fire, seconds count. Seconds can mean the difference between residents of our community escaping safely from a fire or having their lives end in tragedy.

That's why this year's Fire Prevention Week theme: "Every Second Counts: Plan 2 Ways Out!" is so important. It reinforces why everyone needs to have an escape plan. Here's this year's key campaign messages:

- Draw a map of your home (PDF) with all members of your household, marking two exits from each room and a path to the outside from each exit.

- Practice your home fire drill twice a year. Conduct one at night and one during the day with everyone in your home, and practice using different ways out.

- Teach children how to escape on their own in case you can't help them.

- Make sure the number of your home is clearly marked and easy for the fire department to find.

- Close doors behind you as you leave – this may slow the spread of smoke, heat, and fire.

- Once you get outside, stay outside. Never go back inside a burning building.
