## WALKING TRAIL DAMAGES

### Walking Trail Damage:

Walking Trail Committee members checked out the damage done to the Trail as a result of the January Ice Dam and flooding. It will be necessary to barricade the trail from Trout Brook Bridge to the Tramway Site until repairs are possible.

Walkers/hikers may still enjoy the trail:

-from the Mill Beach (Boat launch area) to Trout Brook Bridge and the Trout Brook Loop and return along the same.

-from Jones Trail entrance to Trout Brook bridge or to the mouth of Trout Brook on the North side.

-from the Tramway Parking Lot to the Humber River and return.

We hope to have repairs completed as soon as possible.

Happy hiking/Walking.

## SORT IT WESTERN

A 2-Stream Waste Management Program for Western Newfoundland will begin in our area on October 15, 2018. Residents will receive an information package by mail with tips on how to sort their waste and will receive free bag samples in the package. There will be public education campaigns from Western Regional Waste Management on Facebook and in newspaper and on Radio. The town is also considering having an information session at the community center a couple weeks before this is launched.

## AWARENESS

The town is asking residents to use caution when passing the student employees as they are working on the sides of the road. They will have signs up and be wearing their protective gear but we are asking that you slow down for everyone's safety.

## 50/50 TICKETS

The fire department are selling 50/50 tickets for \$1 each. There will be a draw at the end of each month and the winner will collect half of the amount sold in that month. There are tickets available at the town office or from members of the fire department. All monies will go toward the new fire truck!

## SIGNS

The town is extremely pleased with the new signs that have been installed! There is a new sign at the beginning of Reidville and one at the ball field.

## JOKE

A man enters a bar and the bartender comes over and asks, "Can I help you, sir?" The man answers, "What does a cup of coffee cost in this place?" The bartender says, "That would be \$2.60." "Alright, I'll have one," says the man. He takes 26 dimes out of his wallet and throws them all on the ground. The bartender doesn't want to get involved in a fight so he just

picks up the money and he brings the man his coffee. A week later, the same man enters the bar. He orders a coffee again but this time he pays with a five dollar bill.

The bartender smelled an opportunity for revenge so when he brings the coffee, he throws 48 nickels on the ground as change. The man drinks his coffee leaving the change on the ground. A few minutes later he throws two dimes on the floor and orders a second coffee

A little old lady goes to the doctor and says, "Doctor I have this problem with gas, but it really doesn't bother me too much. My farts never smell and are always silent. As a matter of fact, I've farted at least 20 times since I've been here in your office. You didn't know I was farting because they don't smell and are silent." The doctor says, "I see, take these pills and come back to see me next week."

The next week the lady comes back. "Doctor," she says, "I don't know what you gave me, but now my farts...although still silent...stink terribly."

The doctor says, "Good! Now that we've cleared up your sinuses, let's work on your hearing.

## HEALTH TIP

The best way to address dehydration is before it occurs. Before you head out to play, follow these summer health tips:

Drink a lot of water before you head out

Continue drinking during and after your game

Try to drink every 15 minutes while active

If you are going to be active for over an hour bring a dehydration drink with you and include it in your fluid intake.

Stop playing if you being to feel dizzy or lightheaded.

Avoid alcohol or other drinks that dehydrate
